## **INFORMATION ABOUT MUNDULLA**

Mundulla is a thriving small rural town, situated between Keith & Bordertown that can boast some of the finest farming land in the state.

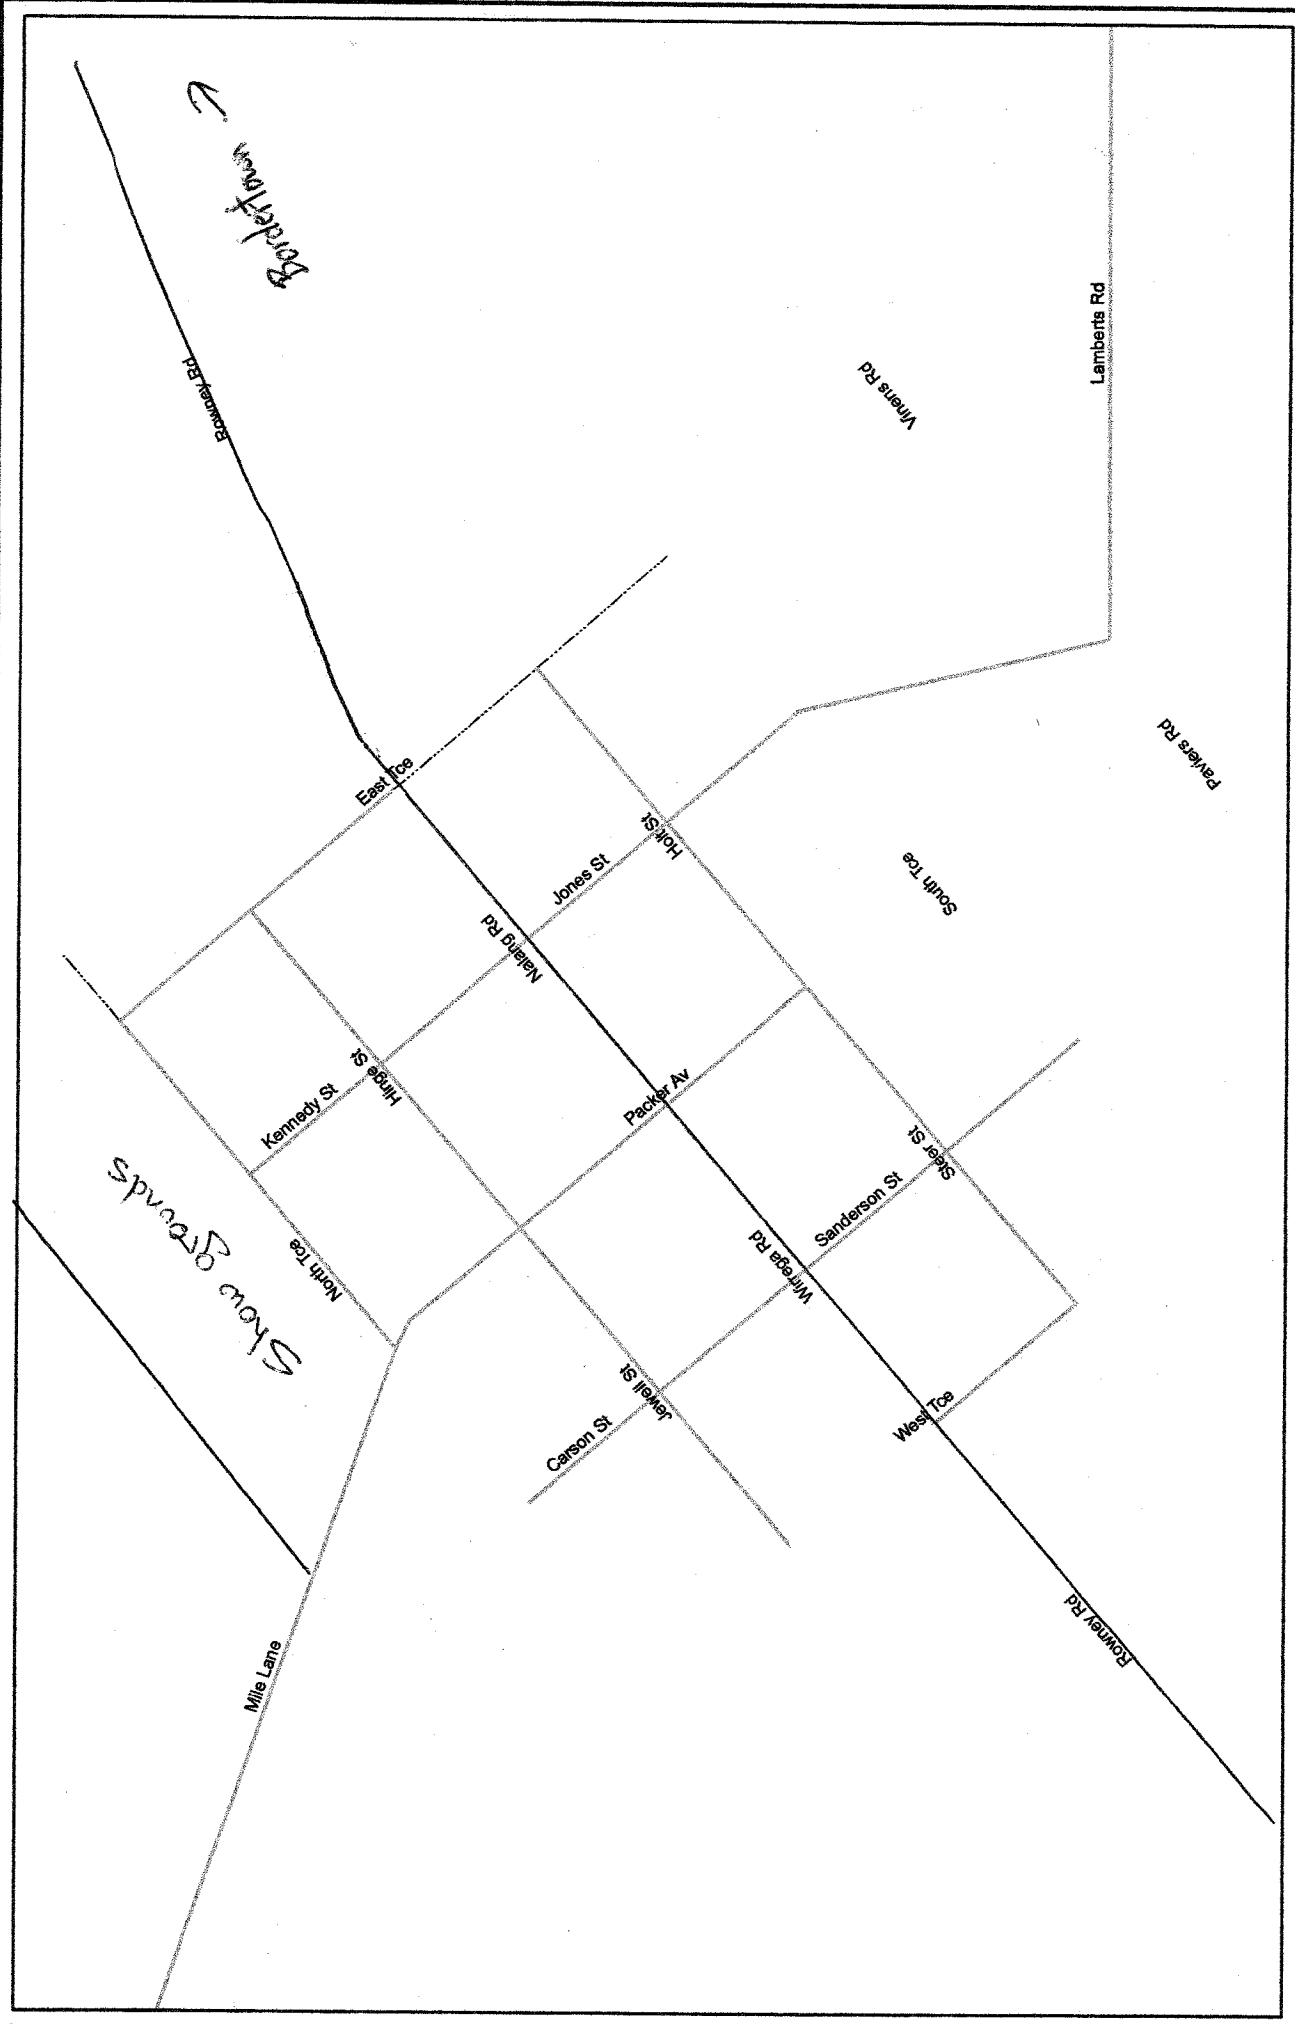

Many of Mundulla's houses are old & original, dating from the early 1900's & represent a history of rural dwellings' architecture over the twentieth century. In most other country towns these have disappeared long ago to make way for more contemporary structures.

Pride & community spirit is reflected in the town's excellent sporting & service facilities. You will be made to feel welcome by the cheerful & warm manner of the local people who are happy to share their knowledge of the district with you.

The adventure Playground is situated at the showgrounds & is an ideal family picnic spot & fun for children of all ages. A sheltered electric BBQ with tables & seats is available.

Supplies are available from Mundulla General Store.

Saddlery, Lucerne Hay & Chaff is available from Mister Edz of Mundulla.
