

**DO YOU WANT TO
A.I. MARES USING FROZEN SEMEN
FROM A
STALLION RESIDENT OVERSEAS**

THE FIRST TIME YOU WISH TO IMPORT SEMEN:

- 1. Application to Import Semen and Order Transported/Stored Semen Service Certificates form must be completed, ensuring it is signed by the owner of the stallion, and order the required number of >transported/stored semen= service certificates (*note: these are not the normal breeding documents*)**
- 2. Ensure that mares to be inseminated have been DNA typed prior to insemination and are nominated for use in an A.I. programme for insemination using overseas semen (*note: if this has not been done the mare owner will not have the appropriate paperwork for completion when mares are inseminated*) A fee of \$30 per mare is required.**
- 3. Complete the monthly >transported semen= report at the end of each month in which semen has been transported detailing transportations and return to the Society within 7 days.**
- 4. Ensure the >Transported/Stored Semen= service certificate is forwarded to the mare owner when the service fee is paid.**

REMINDER:

ALL ARABIAN FOALS CONCEIVED BY A.I. USING OVERSEAS SEMEN REQUIRE SUCCESSFUL PARENTAGE VERIFICATION BY DNA TYPING PRIOR TO REGISTRATION.

NOTE FAILURE TO SUBMIT BREEDING DOCUMENTATION MAY RESULT IN THE REJECTION OF AN A.I. PERMIT FOR THE FOLLOWING BREEDING SEASON
